# VALO<sup>®</sup>

C O R D L E S S

A revolutionary broadband LED curing light, **VALO Cordless** offers:

- An optimally collimated beam that delivers consistent, uniform power over a range of surfaces and working distances.
- Three curing modes—Standard, High, and Xtra Power—for maximum versatility.
- Unibody construction that yields a durable, slim, ergonomic shape and allows unprecedented access to all restoration sites.
- A battery-operated, cordless wand for optimal convenience and flexibility.
- Highly efficient LEDs that keep the wand body cool to the touch.
